Georgian Stick Barometer Punchion Leeds

Price

Sold**Item Reference: SA302452****Date of manufacture: 1800**

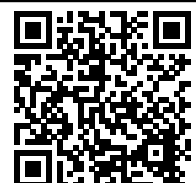

Description

A late Georgian stick barometer by George Purchion of Leeds. Fine marquetry inlays to the case with the original cistern cover. The original mercury tube to the untouched painted dial with gilt corners. A carved pediment and sides. Circa 1810. Height 39" / 99 cms. George Purchion of Glass House, Leeds is noted in Banfields 'Barometer Makers and Retailers' book as working around 1820-1840. He remarks that some of his barometers had painted plates. From Kembery Antique Clocks Ltd you can expect a genuine antique barometer with a written 12 month guarantee which has been serviced to a high standard. They can be personally delivered to your home, please contact us for a quote.
