Description

An Art Deco Tempo pocket watch with unusual Art Deco albert. The pocket watch has a stem-winding movement, with 15 jewels, which is ticking away nicely and the time keeping is good to within around two to three minutes over 24 hours. The watch measures 46mm diameter excluding the winding stem and the loop. The case is rolled gold and was originally 'guaranteed to wear 10 years'. The plate has actually worn very well and only has minor marks and light surface scratches. The plastic lens is also in good condition. The dial is signed Tempo, Swiss Made and it has a charming Art Deco 3-D brick pattern. The dial is in a very pleasing condition with beautiful hour and minute hands, subsidiary seconds dial and minute markers. The watch has an Art Deco albert with burr walnut bar, a very popular wood used throughout the Art Deco period.
