

SA305090

Westminster-Chime Bracket Clock.

Price

Sold**Item Reference: SA305090****Date of manufacture: 1900**

Description

A beautifully presented mahogany bracket clock. The 8 day movement striking on the quarters and the hour with the Westminster Tune. It has a particularly clear, melodious tone, with the Hours playing a different tone to the quarters. The clock has just been fully serviced by our own BHI registered staff. The arched silver dial has a silvered chapter ring engraved with black Roman numerals and subsidiary rise and fall and STRIKE/SILENT dials. It has a cast brass bezel and bevelled glass. Any "discolouring" in the photographs is reflection only. It is beautifully clean in real life. The arch top mahogany case has a beautiful French-polished finish with a deep, rich lustre. It has spiral twist columns to the front corners and the clock stands on four brass bun feet. A really lovely clock that is much nicer than our photographs portray. Dimensions: Height 14" (35cm) Width 10" (26cm) Depth 7" (18cm)
