Description

This is a very fine and beautiful example of a ladies wristwatch made by the world renowned premier Swiss maker Omega. It has a solid platinum case surrounded by a row of European old cut diamonds and then more to the lugs which is very much of the Art Deco design, there is beautiful delicate chasing around the sides of the case which highlights the quality of the workmanship. The solid 9ct white gold integral snake design bracelet compliments the diamonds beautifully and really does make them sparkle and shine. As you would expect from Omega the diamonds are bright, crisp and evenly matched weighing approximately 1.5ct in total. It is quite stunning with a white dial. A new glass has been fitted and the watch and bracelet professionally cleaned and polished so it is absolutely pristine. The 17 jewel calibre 580 manual winding movement is an absolute gem, sparkling clean and in like new condition, this is a movement from the golden age of swiss watchmaking. It is fully marked as platinum on the case. As you would expect from Omega the watch is fully marked on the dial and movement. It comes complete with a new presentation box to keep your watch in perfect condition...
