Description

A 1920s Limit pocket watch. The watch has a Swiss stem-winding movement, with 15 jewels, which is ticking away nicely and the time keeping is good to within around two to three minutes over 24 hours. The movement is signed Limit. It is protected by an inner hinged dust cover. The watch is wound by pushing the crown in and simultaneously winding. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the gold plated Moon model by the English watch case maker Dennison. There is some wear and some surface marking but overall the case is acceptable for a 1920s piece. The plastic lens is in good condition. The enamel dial is in nice condition one of the hands is a later replacement.
