Description

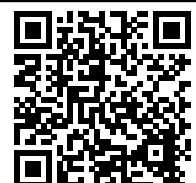

Circa 1920-1950, this pair of eight arm Marie Therese glass chandeliers have sweeping arms coming from the shaped glass centre. The chandeliers measure approximately 56cm in length, and 63cm in width. They have been rewired for the UK, and fitted with new candle tubes, and all of the original glass drops have been put back into position, many using new brass pins to secure them. A discount will be offered if the buyer can arrange collection from us in Surrey. Alternatively, we can supply quotes for courier delivery in the UK mainland and they will be delivered in two separate boxes. For other areas, please email us and we will be happy to discuss delivery options.
