

SA306689

1930s Swiss stem-winding pocket watch & chain

Price

Sold**Item Reference: SA306689****Date of manufacture: 1930**

Description

A 1930s Swiss pocket watch. The watch has a good quality stem-winding movement which is ticking away nicely and the time keeping is good. The movement is protected by an inner hinged dust cover. The watch measures 52mm diameter excluding the winding stem and the loop. The case is nickel and the condition is good with just general surface marks commensurate with its age. The plastic lens is in good condition. The dial has raised numbers, stylish hour and minute hands, a subsidiary seconds dial and outer minute markers. There is some age related discolouration but overall it has a good vintage look. The watch comes with a 1930s albert.
