Description

An antique Swiss .935 silver pocket watch. The watch has a jewelled key-winding movement which is ticking away and the time keeping is good to around 2 - 3 minutes over 24 hours (the watch comes with an antique winding key). The watch measures 52.4 mm diameter excluding the loop. The case has Swiss .935 silver marks (.935 is slightly purer than sterling silver). The case is in nice condition with only the odd minor mark. The watch lens is glass and is in good order with only a small chip to the bevelled edge at 4 o'clock. The enamel dial is in good condition and has blued steel hands, a subsidiary seconds dial and an outer minute track.
