Description

A superb quality and rare late 19th century French GIANT CARRIAGE CLOCK in full working order. Contained within its substantial 'Corniche' case with large carrying handle, the huge eight-day movement strikes hours and half-hours on a gong, and retains its original massive platform lever escapement. Beautifully engineered, the high quality movement can be seen in detail through the bevelled glass side panels, whilst the escapement can be viewed through the upper bevelled glass panel. The Breguet 'moon' hands are original as is the fine enamel dial which features outer Arabic numerals in blue. Measures 10ins (25.4cms) high, handle raised.
