Description

French Art Deco ELECTRIQUE Super Contrôlée Industrial Wall Clock. The clock has a Chrome Frame and a painted Face and Hands, it is in good condition and I believe it works but it will need a transformer to adapt the old French system to modern English electrics, other wise a new Quartz movement might be the best way. The Clock is in very good condition, it has natural weathering in to the case but it is sound. The clock is 4" deep and 12" in Diameter MG151.
