The movement is protected by an inner dust cover. The watch measures 50mm diameter excluding the winding stem and the loop. The gold plated full hunter case was made by the English watch case maker A L Dennison and was originally 'guaranteed to wear 10 years'. The case is in good condition with just general light surface marks. The plastic lens is in good condition. The enamel dial has some hairline cracks but they are faint. Blued steel hands (minute hand a little out of shape), a subsidiary seconds dial and an outer minute track.
