Description

A gents 1950s Junghans wrist watch. The watch has a hand-winding movement, calibre 93S, which is ticking away nicely and the time keeping is good to within around one minute over 24 hours. The movement is signed with the Junghans star logo. The watch measures 32.5mm diameter excluding the winding crown and the lugs. Both the case and the lens are in good condition with just the odd minor mark. The case back has the Junghans logo again and it also states that the watch is shockproof. The dial is signed Junghans, Made in Germany; it is in super order with original dauphine shaped hands and a subsidiary seconds dial. A new brown leather strap has been fitted.
