

SA311651

Gents Omega Seamaster automatic watch, 1961

Price

Sold**Item Reference: SA311651****Date of manufacture: 1960**

Description

A gents Omega Seamaster wrist watch. The watch has a calibre 591 automatic movement which is ticking away nicely and the time keeping is good to within around two minutes over 24 hours. The movement is signed Omega Watch Co, Swiss and it has the serial number 17,876,633 which dates it back to 1960. The watch measures 33mm diameter excluding the winding crown and the lugs. The case is stainless steel and the condition of the front and sides is good. There are some scratches to the case back. The case back has the raised Seamaster logo to the outside and the triangular Omega stamp to the inside, together with the case reference 14704-SC-61 (with the date reference for 1961) which is correct for the calibre 591 movement. The winding crown has the Omega logo. The lens has the tiny clear Omega logo to the centre, which suggests it is the original lens. The dial has the applied Omega logo and is also signed Omega, Automatic, Seamaster. There is some age related discolouration to the dial but overall it has a good vintage look. A new brown leather has been fitted.
