

SA311903

Antique 1907 silver Swiss stem winding pocket watch

Price

Sold**Item Reference: SA311903****Date of manufacture: 1900**

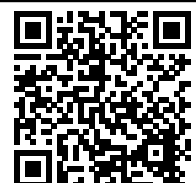

Description

Antique 1907 silver Swiss stem winding pocket watch. The watch has a stem-winding movement which is ticking away and the time keeping is good to around 2 - 3 minutes over 24 hours. The high grade movement is stamped 15 jewels, 3 adjustments, Swiss made, REF 999 Pat applied for. The watch measures 49.3 mm diameter excluding the winding crown and the loop. The case has Birmingham hallmarks for 1907 with the case makers mark A.L.D (Dennison Watch Case Co). The case has light surface marks from use and a mild unevenness to the back although it is in nice condition for a 1907 piece. The watch lens is glass and has the odd minor mark to the outer edge but otherwise it is in nice condition. The white enamel dial has Swiss made at the bottom. The dial has faint hairline cracks although hardly noticeable but otherwise it is in nice condition. The watch has its original blued hands. Price includes free worldwide postage.
