Description

Fine pair of mid 18th century small oval pastel portraits in original gilt frames, un-signed but definitely by the famous portrait painter of the time HUGH DOUGLAS HAMILTON. Nearly all of his work was un-signed but these portraits are listed as ones he did. The portraits are of BAKER JOHN LITTLEHALES (1732 - 1785) and his wife MARIA BENDAL MARTYN whom he married on 25th October 1759. The labels to the back of the pictures give quite a bit of history about both families. Apart from a couple of small nicks to the frames these are in very good order. SIZE; 11" high by 9" wide.
