## Description

This is a superb example of a gents classic wristwatch made by the world renowned maker Universal. It has the slimmest solid 9ct yellow gold case for a microtor movement. The dial is completely original and in remarkable condition, it has gilt hands and baton markers and the winding crown has the Universal logo. It has the first movement with microrotor - a 28 jewel calibre 215 fully automatic and is just superb. As you would expect from Universal the watch is fully marked on the dial and case. This is exceptional and looks as though it has been kept in a box its whole life and never worn, a rare find indeed. Universal are one of the most exclusive makers and this watch certainly has that understated elegance which resonates class. The watch case measures 35mm in diameter not including the crown. The watch has just been fully serviced and is guaranteed to be a genuine Universal in all respects. This watch has been fully and professionally overhauled, the process is highly detailed and meticulous. The watch is stripped down to its component parts and each part is examined under a microscope for signs of wear, any worn parts are replaced with genuine manufacturers ...
