Description

A vintage 1930s stem winding pocket watch. The watch has a stem-winding movement which is ticking away nicely and the time keeping is good to around 2 - 3 minutes over a 24 hour period. The watch measures 50 mm diameter excluding the winding stem and the loop. The plated case has light surface marks from use and a couple of small "dings" to the back but otherwise it is in nice condition. The watch lens is plastic and is in nice condition with only the odd minor mark. The dial has light surface marking although hardly noticeable but otherwise it is in nice condition. It has its original blued steel hands.
