

SA314626

Antique 1918 silver Swiss stem winding pocket watch

Price

Sold**Item Reference: SA314626****Date of manufacture: 1910**

Description

Antique 1918 silver Swiss stem winding pocket watch. The watch has a stem-winding movement which is ticking away and the time keeping is good to around 2 - 3 minutes over 24 hours. The jewelled movement is stamped Swiss made. The watch measures 48.9 mm diameter excluding the winding crown and the loop. The silver case has London import marks for 1918 with the importers mark G.S (George Stockwell). The case has light surface marks from use and a mild unevenness to the back but overall it is in nice condition for a 1918 piece. The watch lens is glass and is in nice condition with only the odd minor mark. The dial has light nibbling to the outer edge between 4 & 5 o'clock mainly under the bezel but otherwise it is in nice condition with only the odd minor mark. The watch has its original blued steel hands. Price includes free worldwide postage
