Description

A 1920s Cortébert full hunter pocket watch. The watch has a jewelled stem-winding movement, calibre 529, which is ticking away nicely and the time keeping is good to within around three minutes over 24 hours. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold filled with handsome detail to both the front and back. There are some indentations to the case but the engine turned detail is still nice and crisp and overall the condition is fair for a 1920s piece. The plastic lens is in good condition. The dial is enamel and is also in good condition. FREE WORLDWIDE SHIPPING
