Description

A gents 1915 WW1 silver trench watch. The watch has a Swiss hand-winding movement which is ticking away nicely and the time keeping is good to within around two to three minutes over 24 hours. The jewelled movement is stamped 15 jewels, Swiss made. The watch measures 35 mm diameter excluding the winding crown and the fixed wire lugs. The case is sterling silver and there are import marks inside the case back for London 1915, with the importers mark A.G.R (Arthur George Rendell). The case has light surface marking to the front and mild denting to the back but overall the condition is good for a WW1 piece. The watch lens is glass and is in nice condition. The watch has an enamel dial. The dial has a couple of small hairline cracks under the bezel but otherwise it is in nice condition. The watch has its original blued steel hands. The watch has a later black leather strap. Price includes free worldwide postage.
