Description

A stunning Victorian silver locket. The locket measures 30mm wide x 40mm high. It is beautifully detailed on the front with a buckled belt over a foliate background. The back of the locket is plain apart from rubbed hallmarks; they are difficult to read but the date letter appears to be 1884 and the design is certainly correct for this period. The back of the locket has some unevenness. The locket hinges open to reveal two photo requisites; the retaining ring is missing from one side but a photo can easily be glued in. The locket comes on a much later chain, 52cm long. PRICES INCLUDES WORLDWIDE SHIPPING
