Description

A vintage 1940s gents Swiss wrist watch. The watch has a hand-winding movement which is ticking away nicely and the time keeping is good to within 2 - 3 minutes over 24 hours. The movement is stamped 15 jewel, Swiss made. The watch measures 32.6 mm diameter excluding the winding crown and 38.6 mm high including the lugs. The chrome plated case has light surface marking from use but overall it is in nice condition for its age. The case back is stamped stainless steel back, Swiss made. The lens is in nice condition with only the odd minor mark. The dial has Swiss made at the bottom. The dial has light discolouring and faint surface marking but otherwise it is in nice condition. The watch has its original blued steel hands and red centre second sweep. The watch has a new black leather strap. Price includes free worldwide postage.
