

SA319489

RARE PAIR SCOTTISH POTTERY SASH WINDOW STOPS

Price

Sold**Item Reference: SA319489****Date of manufacture: 1860**

Description

RARE pair of mid 19th century Scottish pottery sash window stops in the form of a lions head. One is perfect, the other has slight damage as pictured. These delightful wee objects were made to put under a sash window so the window could be open only 4" without falling down. Very nice "treacle" type glaze.
