Description

A vintage 1938 9ct gold Rotary wrist watch. The watch has a hand-winding movement which is ticking away nicely and the time keeping is good to within 2 - 3 minutes over 24 hours. The movement is stamped 15 jewels, Swiss made. The watch was originally made as a gents watch although it would suit a slimmer wrist and also work as a ladies watch. The watch measures 21.8 mm wide excluding the winding crown and 37 mm high including the lugs. The 9ct gold case has London hallmarks for 1938. The case has light surface marks from use but overall it is in nice condition. The lens is glass and has the odd minor mark although not over noticeable. The dial is signed Rotary with Swiss made at the bottom. The dial has light discolouring and faint surface marking but otherwise it is in nice condition. The watch has its original blued steel hands. The watch has a new black leather strap. Price includes worldwide postage.
