Date of manufacture: 1950

Description

A gents 1950s Cyma wrist watch. The watch has a calibre 458 hand-winding movement which is working nicely and the time keeping is good to within around two minutes over 24 hours. The movement is signed Cyma. The watch measures 33.5mm diameter excluding the winding crown and the lugs. The case is plated and there are a few marks to the front, and more significant wear to the back of the watch. The case back is stainless steel. The lens is in good condition. The dial has the applied C logo and is also signed Cyma Cymaflex, Swiss Made. There are some small marks to the dial but overall it is very acceptable for a 1950s piece. A new black leather strap has been fitted.
