Description

One of the most special Breakfast dishes I have come across in some time, we only ever purchase them when they are particularly special. The dish stands on four decorative legs terminating with a very regal ball and claw foot. The dome itself is simply beautiful with exquisite repoussé or embossed decoration. The key on the chain keeps it securely shut and above the right hand leg there is an opening to leave a spoon in the dish while closed. When the knob at the front is pushed back the dome revolves to reveal the two original shallow trays. These are perfect on a buffet to serve either hot (with hot water beneath) or cold (with crushed ice below) dishes; a very impressive addition to any occasion. The underside is marked for the top-notch Atkin Brothers and also marked EPNS for Electro-Plated Nickel Silver. A beautiful dish in excellent condition, measuring 11" (spanning 13 1/2" in total) x 9" x 8 1/2" tall. Item ID: 36266
