Date of manufacture: 1910

Description

This very impressive pair of antique Bergere armchairs are amazing quality & are in lovely original condition. They have just been recovered & are very comfortable. The cushions still have the original innards & they have had extra wadding wrapped over that part. These armchairs are Swedish & are Satin Birch, with wonderful deep carving all over. Please look at all of the images to appreciate the details. They have very generous proportions, with carved scroll over arms plus claw & ball feet. I would say they date from around the 1910-20's period. Satin Birch is one of my favourite woods, because it has a lovely glow to it. These chairs still have the original cane, which is still in good condition & is double cane all over. Width - 31", 79 cm Depth - 30", 76 cm Height - 33", 84 cm
