**Sold**

**Item Reference: SA325662**

**Date of manufacture: 1910**

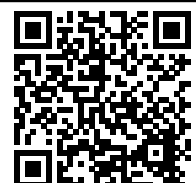

## Description

These are very good chairs. Made around 1910 in solid mahogany they could easily be mistaken for Georgian chairs of which they are exact copies. They are a super robust design having a lathe back and H under stretchers. They are in excellent condition. They were in fact made in Birmingham by James Reeve cabinet makers at the very beginning of the 20th century. The chairs are 36" (90cm) high and the measurement across the front is just over 20" (52cm).
