Description

A vintage 1918 silver Tacy Watch Company pocket watch. The Tacy Watch Company was a collaboration between Cyma And Tavannes watch companies. The watch has a stem-winding movement which is ticking away and the time keeping is good to around 2 - 3 minutes over 24 hours. The movement is stamped 15 jewels, 3 adjustments, Swiss made and the calibre number 999. The watch measures 49 mm diameter excluding the winding crown and the loop. The silver case has London import marks for 1918 with the case importers mark J.J.H. The case has some surface marking from use and unevenness to the back but otherwise it is in nice condition. The watch lens is glass and has light nibbling under the lens at 6 o'clock but otherwise it is in nice condition. The white enamel dial has Swiss made at the bottom and is in nice condition with only the odd minor mark. It has its original blued steel hands.
