Description

A gents 1950s Ingersoll wrist watch. The watch has a hand-winding movement which is ticking away and the time keeping is good to within approximately two minutes over 24 hours. The watch measures 32.5mm diameter excluding the winding crown and the lugs. The case is gold tone; there are general marks and scratches commensurate with its age. The lens is in lovely condition. The dial is signed Ingersoll, 5 Jewels, Shockproof. There is some freckling but overall it has a nice vintage appeal with original hands and an inner minute track. A new black leather strap has been fitted. PRICE INCLUDES WORLDWIDE SHIPPING
