

SA325704**VICTORIAN 'BRISTOL GREEN'
GLASS HYACINTH VASE
c1880**

Price

Sold**Item Reference: SA325704****Date of manufacture: 1880**

Description

This gorgeous VICTORIAN GLASS HYACINTH VASE dates from circa 1880. The idea is to nearly fill the Vase with water then sit a hyacinth bulb in the top just clear of the water level. Place in a dark cupboard until the roots show and growth starts to break. Then place on a windowsill and watch the roots slowly fill the base of the vase and the hyacinth grow and flower - all without soil. It is in good condition and in a fabulous strong 'Bristol Green' colour. Height: 7.25 inches (18.5 cm)
