

SA326568

1930s Omega pocket watch

Price

Sold**Item Reference: SA326568****Date of manufacture: 1930**

Description

A 1930s Omega pocket watch. The watch has a stem-winding movement, with 15 jewels, which is ticking away nicely and the time keeping is good to within around two minutes over 24 hours. The movement is signed Omega and it has the serial number 7,647,845 which dates it back to the first half of the 1930s. The movement is protected by an inner hinged dust cover. The watch measures 48mm diameter excluding the winding crown and the loop. The gold plated case was made by the English watch case manufacturer A L Dennison. It is in good condition for its age with just the odd mark. The lens is in good condition. The signed enamel dial has a couple of very faint hairline cracks; they are barely noticeable to the naked eye. The subsidiary seconds dial has a little discolouration. PRICE INCLUDES WORLDWIDE POSTAGE
