Description

An antique silver watch chain and fob. The longer chain measures 34.5cm long including the T-bar and the clasp. All the components are hallmarked, including each of the graduated links which have the lion passant mark, although the date letters are indistinct. I would say the piece is circa 1890/1900. The chain comes with a later Georgian style fob with very small hallmarks to the side. Total weight 58.1g.
