

SA327776

EDWARDIAN BRASS CORINTHIAN COLUMN LAMP

Price

Sold**Item Reference: SA327776****Date of manufacture: 1920**

Description

Circa 1910-1920, this is a good quality brass corinthian column lamp, recently rewired by our electrician with silk flex cable. The light measures approximately 29cm from the bottom of the lampholder to the base, and the base is about 9.5cm square. The bottom of the lamp has had replacement green felt fitted so that the light can stand on any surface without damaging it. The price doesn't include p&p which within the UK mainland we estimate to be about £6.

Internal Ref: 1297
