Description

A 1950 9ct gold wrist watch. The watch has a hand-winding movement which is ticking away nicely and the time keeping is good to within around two minutes over 24 hours. The watch measures 30mm diameter excluding the winding crown and the lugs. Although originally designed to be worn by a man, it would suit a slimmer wrist or it could be worn by a lady. The case is 9 carat gold and there are hallmarks inside the case back for Birmingham 1950 with a maker's mark for the English watch case maker Dennison. The front of the case has minor marks. The screw-on case back has some scratches. The lens is in good condition. The dial is signed Majex, 17 Jewels but the writing has faded and is now very faint. There is some discolouration to the dial but overall it has a good vintage look. Feuille shaped hands, subsidiary seconds dial and an outer minute track. A new black leather strap has been fitted. PRICE INCLUDES WORLDWIDE POSTAGE
