Description

Stylish mid 19th.c. mahogany chiffonier side cabinet c.1850. Lots of good detail here, with a heavily gadrooned, inverted breakfront top over two crossbanded cupboard doors with flame mahogany panels, molded beading and brass trim, flanked on each side with reeded half columns. Note the columns are mounted on the doors rather than the cabinet allowing for wider access. Raised on a neat little plinth and four reeded bun feet. Some old repairs to the top (above the column capitals), otherwise excellent colour and condition having been cleaned and polished in our workshops. Key supplied. Dimensions: width 40", depth 21", height 36".
