Description

There is no doubt about the quality and integrity of this dining table. The solid mahogany top has the finest figuring - take a look at the photos taken in our workshop which show the figuring and also give a true colour. It comprises 2 demi-lune ends and a drop leaf centre. It is wonderfully stable being supported on several legs, however the legs sit inside the table so it is easy to fit ten chairs under the table - both up the sides at both ends as I think you can see from the photos. The legs are elegantly tapered and the apron has stringing to the edges. It is all in excellent condition and really needs to be seen. It is 41" (105cm) wide. It is 106" (270cm) long. It is 28" (71cm) high.
