Description

Lenzkirch Antique Table Clock ~ Chinoiserie Design with Chinese Dragons ~ German - 1881 ~ ~ Excellent condition, fully overhauled ~~ A stunning and unusual original antique table clock by the famous Lenzkirch company from the Black Forest of Germany. Beautifully made in gilt bronze, it features Chinese dragons supporting the clock with incense burners in their mouths. Above the dial is an elaborate scalloped niche with a mythical bird within. The reflection of the pendulum swinging can be glimpsed in the polished base. The stunning dial is bronze with an engraved silvered chapter ring. The Lenzkirch movement is of French design and we can date this from the serial number 549365 to the year 1881. It is in excellent and fully running condition, we have overhauled and thoroughly tested it in our workshop. It strikes a bell at the hours and the halves and runs for 8 days. The pendulum is a replacement. Please see the video below. Condition of the case is excellent, the original gilding is beautifully clean and bright with hardly any wear or discolouration and there are no losses. The dial is also in excellent condition. This is a stunning clock in beautiful condition....
