Description

A vintage gents 1929 silver wrist watch. The watch has a hand-winding movement which is ticking away nicely and the time keeping is good to within around two to three minutes over 24 hours. The movement is stamped 15 jewels, 3 adjustments, Swiss made. The watch measures 31.5 mm wide excluding the winding crown and 35 mm high including the lugs. The case is sterling silver and there are import marks inside the case back for London 1929, with the importers mark G.S. (George Stockwell) The back is also stamped Swiss made. The case has light surface marking and a mild dent to the back but overall the condition is good for a 1920s piece. The watch lens is plastic and is in nice condition with only the odd minor mark. The watch has a silvered dial with Swiss made at the bottom. The dial has light discolouring and the odd minor mark but otherwise it is in nice condition. The watch has its original blued steel hands although the infill has come out over the years. The watch has a new black leather strap. PRICE INCLUDES WORLDWIDE SHIPPING
