Description

A gents 1950s Omega Seamaster wrist watch. The watch has an automatic movement, calibre 471, which is ticking away and the time keeping is good. The movement is signed Omega Watch Co, Swiss, 20 Jewels and it has the serial number 15,474,046 which dates it back to around 1956. The watch measures 32.5mm diameter excluding the winding crown and the lugs. The case is stainless steel and it has the Omega triangular logo inside the case back, together with the case reference 2802 which is correct for the calibre 471 movement. The winding crown has the Omega logo. The lens is in good condition. The dial has the applied Omega logo and is also signed Omega, Automatic, Seamaster. There is some freckling across the dial and some age related darkening. Original hands (a little of the infill has fallen out), centre seconds and outer minute markers. A new brown leather strap has been fitted. PRICE INCLUDES WORLDWIDE POSTAGE
