Description

This is a very fine example of a gents classic wristwatch made by the world renowned premier Swiss maker Omega. The watch is the fully automatic bumper calibre 343 chronometer observatory grade movement, 24 jewels adjusted to five positions. This watch is one of only 5000 made of this model and one of the smallest runs ever made by Omega which makes it incredibly rare and sought after by collectors. It has the reference number of 2514 on the back of the case. The fully restored sub seconds dial is in mint condition, it has original dome shaped winding crown and hands. A new glass has been fitted and the case professionally polished. It has a solid stainless steel case with is very heavy. As you would expect the watch is fully marked on the dial, movement and case. It comes complete with a new premium quality chestnut leather strap and a new presentation box to keep your watch in perfect condition. Omega are one of the most exclusive watchmakers in the world and this watch certainly has that understated elegance that whispers class. The watch case measures 33mm in diameter not including the crown. Overall this watch is in outstanding condition and highly sought a...
