Description

A gents Junghans wrist watch from the 1950s. The watch has a calibre 93/1 hand-winding movement, signed with the Junghans star logo, which is working nicely and the time keeping is good to within around two minutes over 24 hours. The watch measures 31.5mm diameter excluding the winding crown and the lugs. The case is plated with a stainless steel back; the case is in good condition with just light surface marks. The lens is in good condition too. The two tone dial has a distinctive look with lots of vintage appeal. Dauphine shaped hands, red centre seconds and a date display (initially set by winding the hands forwards). There is a little light marking to the dial but overall the condition is very acceptable. A new black leather strap has been fitted. PRICE INCLUDES WORLDWIDE POSTAGE
