Description

A rather unusual mid Georgian Bookcase or Cabinet on chest, of wonderful colour and small slim dimensions, very original, I think probably designed for a particular, spot in a house, fielded panels in lovely quality mahogany, with a pointed pediment above, giving it a mid Georgian architectural look, and standing on original bracket feet, with three graduating drawers above, all with original swan neck handles. Locks original with original keys. A very unique piece of George II furniture of small proportions, and lovely original condition. Measuring 77" tall by 38" wide by 12.5" deep.
