Description

A gents silver 1950s Rone Sportsmans wrist watch. The watch has a Swiss hand-winding movement with 15 jewels, calibre 1045, which is working nicely and the time keeping is good. The movement is signed Rone Sportsmans. The watch measures 27mm wide excluding the winding crown and 27mm high excluding the lugs. The case is silver, and a good weight, and there are hallmarks on the back of the watch for Edinburgh 1956 with a case maker's mark for the British Watch Case Company. The curved lens is a charming feature of this watch. The dial has a nicely aged finish, with a little darkening. A new brown leather strap has been fitted. PRICE INCLUDES WORLDWIDE POSTAGE
