Sold**Item Reference: SA333476****Date of manufacture: 1910**

Description

An antique half hunter Omega "Labrador" pocket watch, dating back to the late Victorian / Edwardian era. The watch has a stem-winding movement which is working nicely and the time keeping is good to within around two minutes over 24 hours. The movement is signed Labrador, Swiss and it has the Omega logo on the balance cock. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The gold plated half hunter case was made by Fahys, a New York based case maker. It is in good condition with just a little unevenness to the case back. Both of the lens are plastic. The white enamel dial has three faint hairline cracks, not too noticeable to the naked eye. Blue steel hands, a subsidiary seconds dial and an outer minute track. **PRICE INCLUDES WORLDWIDE POSTAGE**
