Description

Edwardian silver photograph frame. Henry Matthews Birmingham 1908. This is a beautiful silver photo frame with a floral swag decoration at the top and pretty detailing around the edge of the frame. It has a green velvet back with a wooden stand. It is in very good condition, the pattern is very clear and there are no dings on the front of the frame. There is one small spilt underneath the bottom right hand corner where the pin is. This cannot be seen when the frame is standing. The velvet on the back is very worn and is almost gone but in some areas it can still be seen where the frame stands. Overall it is a beautiful piece that would be great for a wedding present or for a silver wedding Anniversary gift.
