Sold

Item Reference: SA336756

Date of manufacture: 1900

Description

Antique Buren stem winding pocket watch circa 1900. The watch has a stem winding movement which is ticking away nicely and the time keeping is within 2 – 3 minutes over a 24 hour period. The movement is signed Buren, 7 jewels, Swiss made. The watch measures 52.8 mm diameter excluding the stem. The nickel plated case has a screw on front and back and has light surface marking and mild denting to the back but overall it has a great vintage look. The white enamel dial has a red outer minute track. The dial has a faint hairline crack at the top and light surface marking although hardly noticeable. The watch has its original blued steel hands. Price includes worldwide postage.
