Description

1920s Globe pocket watch. The watch has a Swiss stem-winding movement, signed Globe, which is working nicely and the time keeping is good to within around two minutes over 24 hours. The movement is signed Globe, Swiss, and it is protected by an inner hinged dust cover. The watch measures 48mm diameter excluding the winding stem and the loop. The case is gold filled and overall the condition is good with just minor marking and a little rubbing to the plate in places. The watch glass has a couple of little nibbles to the bevelled edge, and some short marks across the main face, but overall it is very acceptable. The white enamel dial has blued steel hands, a subsidiary seconds dial and an outer minute track. PRICE INCLUDES WORLDWIDE POSTAGE
