Description

Stylish looking pair of pale oak stacking office bookcases c.1930. Clean modernist design with a triangular detail at the cornice, turned knobs and shaped foot. Solid oak sides. Excellent condition, well matched for colour, cleaned and polished in our workshops. Configured as a pair, they have 5 lift and slide doors to each bookcase, the available shelf height working from the top being 9"/11"/11"/11" & 13". However, the base and fourth down section are separate pieces. This allows one 11" section to be taken from one bookcase and added to the other to make two bookcases of different heights rather than a pair. Dimensions: width 51", depth 11", height 73".
