

SA340026

1920s Omega pocket watch

Price

Sold**Item Reference: SA340026****Date of manufacture: 1920**

Description

A 1920s Omega pocket watch. The watch has a stem-winding movement which is ticking away nicely and the time keeping is good to within around two minutes over 24 hours. The movement is signed Omega and it has the serial number 6,013,239 which dates it back to around 1923/24. The movement is protected by an inner hinged cover with the Omega name and images of medals won. The watch measures 50mm diameter excluding the winding stem and crown. The watch has an 800 silver case with rose gold wash detail around the bezel and around the hinged case back. The bezel has some unevenness next to number 9 and a couple of slight indentations to the case back, but overall it is very acceptable for a 1920s piece. The inside of the case back has the early Omega logo. The plastic lens is in good order. The signed dial is in beautiful condition and it has outer 24 hour markers. PRICE INCLUDES WORLDWIDE POSTAGE
